This is a catalog of list prices subject to change without notice.

Effective January 1, 1961, terms: 1% 15 days, net 30 days f.o.b. factory.

STANDARD WOOD FINISHES:

W-"close to the wood" Dulux finish on WALNUT. Dulux is a hard wearing, baked-on finish.

OW-oil finish on Walnut.

OR-oil finish on Rosewood veneer.

OT-oil finish on Teak.

SPECIAL FINISHES:

Available upon submission and approval of exact sample finish.

Case Goods - Add 15% to base price of case in Walnut. No additional charge for Ebonized Walnut.

Steelframe Case Series - Add 25% to base price of case in Lacquer.

FINISHED BACKS:

Please refer to special schedule on pages involved.

FEDERAL EXCISE TAX:

Certain cases manufactured by Herman Miller have been judged subject to the Federal Excise Tax law.

This tax must be paid regardless of the end use to which the case may be put. Cases subject to this tax are noted.

Some cases are exempt from this levy because they are primarily for storage or outside the provisions of law. Organizations exempted by law do not have to pay the tax if they file a certificate at the time of purchase.

HOW TO ORDER UPHOLSTERED ITEMS

All upholstery prices are Base Prices and include labor for covering, but not fabric. No upholstered unit may be shipped in muslin cover. When using Herman Miller fabrics compute as follows: Base Price of unit plus cost of material (yardage times cost of material per yard).

Example:

473 Sofa Compact in Naugahyde:
41/3 yards #203 Raw Umber Naugahyde @ \$9.60 per yard = \$352.00

Total List Price \$393.60

WHEN SUPPLYING OWN MATERIAL add handling charge of 2% of the Base Price.

NOTE: To insure prompt delivery when supplying own upholstery materials please observe the following procedure:

- 1. Ship material prepaid to Herman Miller Inc., Zeeland, Michigan.
- Tag each piece of fabric with the number of the article on which it is to be applied and the amount of yardage to be applied on each
 article.
- 3. Include on this tag, dealer's name, address and purchase order number, and amount of yardage being sent.
- 4. Matching is left to the factory's discretion unless otherwise noted: 20% extra yardage should be included to allow for matching of fabric.
- 5. All yardages indicated in Illustrated Price List are based on 50" width.
- 6. If fabric is reversible, mark face side.
- Striped fabric: specify direction of stripe (vertical or horizontal). Striped fabrics can only be supplied horizontally on pieces up to 50" in width, unless stripe of fabric is woven lengthwise.

Please consult the Herman Miller Fabric Collection for a wide variety of textures and colors in upholstery fabrics, Naugahydes and leathers.

EAMES CHAIRS — Upholstery and color selection see page 34.

SPECIALS DEPARTMENT

PURPOSE:

Professional interior designers and contract specialists have long expressed the need for a source of high quality furniture of a special nature.

Frequently the skills and resources of local cabinet shops have fallen short of the exacting craftsmanship demanded by top designers.

Herman Miller recognizes the need for "specials" as a legitimate need. Even though we offer a very broad, well planned line, the need for special units to solve special problems persists.

For these reasons Herman Miller has established a "Specials Department".

CAPABILITIES AND LIMITATIONS

The Specials Department is equipped to handle almost all metal and wood-working needs.

From the manufacturing aspects there are almost no limitations, provided that basic structural qualities exist.

Herman Miller reserves the right to approve all specials. Herman Miller will not make copies of other manufacturers' standard items.

PLEASE CONTACT: Specials Department, Herman Miller Inc., Zeeland, Michigan, or your local Herman Miller representative for additional information on this service.

GENERAL INFORMATION

NOTE: All shipping weights listed in this Illustrated Price List are approximate weights. See pages 2, 3 and 4 for f.o.b. points.

CONTRACT BENCH SYSTEM - 20" Module

Contract Bench System consists of three different lengths of frames available in Black (BK) paint with black cellulosic coated legs, White (WH) paint with white cellulosic coated legs, or Stainless Steel (S) with stainless steel legs, into which cushion units, solid and slatted table tops, and a planter unit may be placed in any desired arrangement and combination.

HOW TO ORDER

List the components by number for pricing. Specify assembly by listing the last digit of each component from left to right when facing the unit.

See General Information page 5 "How to order upholstered items."

STEELFRAME SEATING - 24" Module

Steelframe Seating consists of three different lengths of steel frame bases into which chair units, table tops, planter units, and cushions may

be placed in any desired arrangement and combination.

Chair units are available in two versions: No. 5471 a fully upholstered component and No. 5472 a birch frame unit with two attached cushions supported on black webbing. Fully upholstered and webbed chair units should not be inter-mixed.

All components may be fastened to the steel frame or be allowed to rest within the frame without securing them. As the No. 5449 end table is one half the size of a standard No. 5450 tables (24"x24"), the No. 5449 must always be ordered and shipped in pairs.

HOW TO ORDER

List the components by number for pricing. Specify assembly by listing the last digit of each component from left to right when facing the unit.

MODULAR SEATING - 30" Module - AND STORAGE

MODULAR SEATING - 30" DEEP UNITS ON 26" DEEP FRAMES.

Consisting of chair units of different widths with or without arms, a cushion, table tops of white high pressure laminated plastic, an end table unit with or without a lamp, a planter unit, and five different lengths of bases.

MODULAR STORAGE — 181/2" DEEP UNITS ON 171/2" DEEP FRAMES.

Consisting of a selection of 18 1/2" deep storage units from the Thin Edge Case Group, white laminate table top and five different lengths of bases.

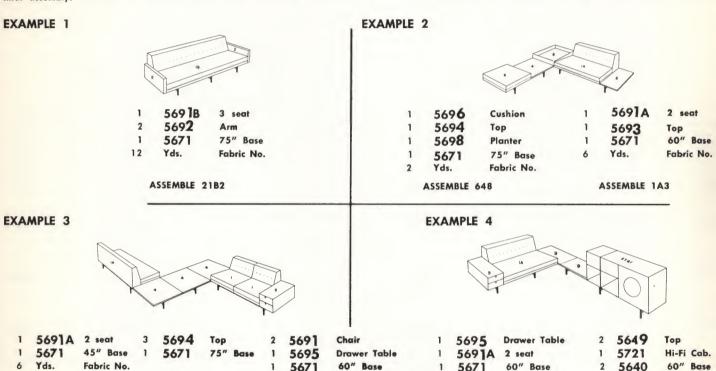

HOW TO ORDER MODULAR SEATING

List components by number. Add up total length of assembly disregarding seat arms; if under 120" order base 15" shorter than total length of unit. If over 120" divide the assembly into two or more smaller assemblies and order base 15" shorter for each of these. Specify assembly by listing the last digit of each component from left to right when facing the unit. See General Information Page No. 5. "How to order upholstered items".

HOW TO ORDER MODULAR STORAGE

A special version of the modular base 5640 is available to accommodate cases. Any $18\frac{1}{2}$ " deep unit from the Thin Edge Case Group may be used on these bases. Also included is a 5649 top. Add up the lengths of the cases and table tops to be placed on the 5640 modular bases. If the length is less than 120" select the base which is nearest to 15" shorter than the total length. If over 120" divide into two or more groups and select a base which comes nearest to 15" shorter than length of each group. List components in order for pricing, also list components in order of assembly from left to right while facing unit.

Units forming a straight line grouping are shipped assembled. Units forming a complex grouping are shipped in straight line segments ready for final assembly.

To determine cost in fabric: Take "base price" plus cost of fabric selected.

See page 34 for shell color selection and further information on these chairs.

EAMES CHAIRS - GENERAL INFORMATION

SHELL COLORS

Plastic shells are molded of thermosetting resin reinforced with glass fibers.

OG—Olive Green Dark OC—Ochre Light RU—Raw Umber

SB—Seal Brown

RO—Red Orange NB—Navy Blue LY—Lemon Yellow GR—Greige PR—Parchment SF—Sea Foam Green EG—Elephant Hide Grey

UPHOLSTERED CHAIRS

FABRIC

TO DETERMINE TOTAL COST: ADD "BASE PRICE" TO COST OF FABRIC (YARDAGE TIMES COST OF FABRIC PER YARD.)

Color Selection

Upholstered pads for Eames Plastic and Wire Chairs are available in all Herman Miller upholstery fabrics except Mogul (081) and Saranylon Stripe, (330, 331). Please refer to the Textile Price List for your selection.

NAUGAHYDE

THE PRICE SHOWN INCLUDES CHARGE FOR NAUGAHYDE.

Light and bright colors will soil easily and require extra maintenance. Care should be exercised when specifying for heavy use areas.

Color Selection

	Color	Painted Shell Color		Color	Painted Shell Color
202	Charcoal	Dark Grey	208	Yellow	Beige
203	Raw Umber	Beige	209	Light Ochre	Beige
204	Ultramarine Blue	Dark Grey	210	Mars Violet Dark	Beige
205	Orange	Beige	211	Raw Umber Light	Beige
206	Olive Green Dark	Dark Grey	212	Turquoise	Beige
207	Tan Dark	Beige	214	Navy Blue	Beige

LEATHER

The upholstery techniques used in manufacturing Eames Chair Pads require leather of unusually high tensile strength and thinness. Leather tanned by the newly developed Secotan "Dry" process now makes possible an Eames Plastic or Wire Chair upholstered in fine top grain leather. Our regular colors as used in "Best Aucht" will be standard for these pads. Custom colors can be furnished on a special basis.

Customer-furnished leather cannot be accepted.

TO DETERMINE TOTAL COST: FABRIC BASE PRICE + ONE OF THE FOLLOWING PRICES:

1-3 54.00 4-99 52.00 100-499 46.00 500 & over 44.00

REPLACEMENT PADS

	Base Price	Naugahyde	Leather
Plastic Side Chair Pad	19.00 + Fabric	25.00	73.00
Plastic Arm Chair Pad	33.00 + Fabric	42.00	87.00
One-Piece Wire Chair Pad	21.00 + Fabric	33.00	75.00
Two-Piece Wire Chair Pad	18.00 + Fabric	27.00	72.00
Plastic Side Chair "3" Pad	30.00 + Fabric	37.00	84.00
Plastic Side Chair "4" Pad	31.00 + Fabric	38.00	85.00

Add \$4.00 per shipment when pads are ordered separately.

SHELL FINISH — UPHOLSTERED CHAIRS

Upholstered Plastic Chair Shells are shipped with an applied paint finish in Beige or Dark Grey, determined by the color of upholstering fabric selected. As noted above in naugahyde section.

To order an upholstered Eames shell in any of our standard colors use the following catalog numbers.

DAX-10 DAG-10 DAT-10 PACC-10 LAR-10 MSX-10 MAX-10 DAR-10 PAC-10 RAR-10 DSX-10 DSG-10

NOTE

For each SIDE Chair add \$5.00 at list to TOTAL COST (Base Price + Fabric, Naugahyde or Leather Price). For each ARM Chair add \$9.00 at list to TOTAL COST (Base Price + Fabric, Naugahyde or Leather Price).

8000 SERIES EOG desks are identified by four digits. Each digit tells two things about the desk:

- 1. What parts make up the desk.
- 2. Where each part is located.

FIRST DIGIT

Always the number "8" to identify as 8000 SERIES EOG.

Tells what size top is used. SECOND DIGIT

THIRD DIGIT Tells you what part is located on your left when seated at the desk. Tells you what part is located on your right when seated at the desk. FOURTH DIGIT

First Digit	Second Digit (Top)	Third Digit (Left) or (LHF)		Fourth Digit (Right) or (RHF)	
7—72×30 8—84×30	Top 8500 Top 8600 Top 8700 Top 8800 Top 8900	1 —Small Secretarial Unit 3 —Large Secretarial Unit 4 —Executive Storage 5 —3 Drawer Pedestal 6 —File Pedestal 7 —Stationery Pedestal 9 —H-Leg	8010 8030 8040 8050 8060 8070	1 —Small Secretarial Unit 3 —Large Secretarial Unit 4 —Executive Storage 5 —3 Drawer Pedestal 6 —File Pedestal 7 —Stationery Pedestal 9 —H-Leg	800 1 800 3 800 4 800 5 800 6 800 7 800 9

Order from left to right when seated at the desk by giving the 4 digits which indicate the specific desk you want.

EXAMPLE 1. 8596 with 604 Screen

"8000 Series EOG" 8000 1st digit:

2nd digit: 8500 54x30 Top 3rd digit: 8090 H-Leg

4th digit: 8006 File Pedestal

With 604 Screen

EXAMPLE 2. 8765

8000 "8000 Series EOG" 1st digit:

8700 72x30 top 2nd digit:

3rd digit: 8060 Three Drawer Pedestal

4th digit: 8005 File Pedestal

EXAMPLE 3. 8773 with 604 Screen

8000 "8000 Series EOG" 1st digit:

8700 72x30 Top 2nd digit:

3rd digit: 8070 Stationary Pedestal 4th digit: 8003 Large Secretarial Unit

With 604 Screen

EXAMPLE 4. 8846 with 605 Lamp

8000 "8000 Series EOG" 1st digit:

2nd digit: 8800 84x36 Top 3rd digit: 8040 File Pedestal 4th digit: 8006 Executive Storage

With 605 Lamp

EXAMPLE 5. 8846/ACD with 605 Lamp

Order the desk and lamp as Example Three. Interior components for the storage unit are selected starting with section nearest desk top and working to end of storage shell.

8596 Single Pedestal Desk with 604 Screen

8765 Double pedestal desk

8773 Secretarial L-shapped desk with 604 Screen

8846 L-shaped desk with 605 Lamp

8846/ACD with 605 Lamp

Our example does not show the sliding doors furnished as standard equipment on the 8040 executive unit.

INTERIOR COMPONENTS

Four digit numbers do not completely identify certain units because of their broad interior flexibility. These units are:

8004-8040 Executive Storage Shell 5803-5803M Free Standing Storage Shell 5804-5804M Free Standing Storage Shell 5804C-5804CM Mobile Storage Shell

All of these units require the selection of interior components.

Interior components are permanently installed at the factory.

All hardware is furnished and installed. When dictaphone slides are installed, outlets are provided in the bottom of the case for electrical wiring.

IC-A	Adjustable shelf with shelf supports Oil finish	16.00	\Diamond	
IC-B	Three deep trays on wood slides Oil finish	66.00		
IC-C	Utility tray and legal file drawer on full extension slides with pendaflex folders. Oil finish	96.00		
IC-D	Dictaphone slide on metal extension slides Oil finish.	48.00		

A limited collection of desks designed in teak with black frames.

Three pedestal variations are available.

Four drawer pedestal includes a locked compartment and an adjustable card index divider in the third drawer.

File pedestal contains legal size Pendaflex folders.

Dictaphone pedestal includes two drawers in addition to a compartment for dictaphone. Each desk includes one adjustable divider system in one of the top drawers.

In addition, there are three shallow drawers in the ebonized apron between pedestals and the desk top. One holds a pencil tray, the second has a partition, and the third has a pull out slide with glass top. TOP: 80" x 36" only.

FINISHES: dark portions indicated on sketches; ebonized hardwood.

Tops, pedestals: Oil Teak (OT)

All desks have front and side panels of Oil Teak.

PULL: No. N in Charcoal Finish.

ATTACHED SIDE UNITS

For attaching to single pedestal desks with a top width of 60" or over, to form L-shaped arrangements. These units attach to underside of desk top. Components are of steel finished in one of five colors: Charcoal (CR), Sandstone (SN), Tanerine (TR), Turquoise (TQ), or Mustard (MR). Pedestals have square tube satin chrome legs with adjustable glides. May also be attached to MMG tables of any size.

May be used as free standing units in L-shaped, parallel, or credenza arrangements with double pedestal desks.

All storage components are made of steel and are finished in one of five colors: Charcoal (CR), Sandstone (SN), Mustard (MR), Tangerine (TR), or Turquoise (TQ).

Storage cabinet files accommodate letter size Pendaflex folders.

Storage cabinets are supported on square tube legs finished in satin chrome with adjustable glides.

HOW TO PLAN COMPREHENSIVE STORAGE SYSTEM ASSEMBLIES

- 1. Choose the method which suits your needs:
 - a. Pressure-fitted between floor and ceiling by means of a spring loaded cap and an adjustable foot.
 - b. Stablizers Heavy loads may require additional stability thru one of the following stablizing methods, 0317 or "-H".
- Determine width of your CSS. Poles are spaced 32 inches on centers. The number of poles required is always one more than the number
 of 32" widths.
- 3. Select proper height of pole for your use.

All poles are adjustable 51/2".

- 4. Select components you want. (All parts necessary for attaching to poles are included).
- 5. Select end panels and back panels as required.
- 6. Select finishes for all components.

Pages 62, 63 and 64 show typical assemblies.

DESK ASSEMBLIES

TOPS: Self edged 1 1/4" thick. LEGS: Square tube satin chrome.

Three Drawer and File Drawer Pedestals include molded pencil tray in top drawer, central locking for all drawers, L-shaped block for attaching top, $5\frac{1}{2}$ " legs and A pulls. File drawer on extension slides accommodates either letter or legal size Pendaflex folders. (LHF) means pedestal is on left as seated, "left hand facing" (RHF) means pedestal is on the right.

A desk support bar is included with assemblies for fastening to two poles as part of CSS unit.

COMPREHENSIVE STORAGE SYSTEM PACKAGES

To simplify ordering CSS, several typical assemblies have been selected. They are illustrated below and on the next pages. These packages can be purchased as shown or can be easily modified to fit individual requirements. For example, all packages are based on the 9101 pole. For installations requiring taller poles, deduct the cost of all 9101 poles and add the cost of the taller poles needed. In the same manner, other components or different finishes can be added to or subtracted from the basic package. For heavy-duty installations

tions replace 9101 poles with 9101-H poles.
